

## ARIZONA DOWNS

---

### Race #1

7-1-8 #7 First Corona JR 4-1 ML is unlucky to still be a maiden but has ran some winning races and the draw in the key here as only need to outbreak the outside charge and it could be picture time.

### Race #2

4-5-1 #4 Pretty Lethal eagle 6-1 ML comes in with a bullet best drill on this track for a trainer that has put some live horses into the starting gate so far this meet.

### Race #3

1-5-2 #1 Chick N Biscuit 5-1 ML looks ready first time out and the gate drill screams off the page. Look at paddock and watch tote...keys to being live in debut.

### Race #4

3-4-5 #3 Miss Shawhan 9-2 ML needed last start and could make an improved run today with an easier field and fitness from last run. 10- time winner seems a fair price

### Race #5

4-5-6 #4 Bourbon and Water 4-1 ML takes the blinkers off and that could be a differentiator as far as relaxing early on in this race. Overdue for some racing luck and a clean trip as well.

### Race #6

1-3-7 #1 Random Pleasure 4-1 ML has done most of his damage when sprinting and cutback to a sprint when last seen at the end of April. Now gets an inside draw where a send is in the cards ...should be able to keep running through the stretch against this field.

### Race #7

4-7-6 #4 Brickbat 12-1 ML is better than the PP's Look and could spring the upset with any kind of racing luck and a trip worked out. Seems on the improve so tab this longshot as a must use in all the spots for exacta and trifecta

### Race #8

3-5-4 #3 Cherokee Papoose 6-1 ML has improved every start in four race career. Like the time off between starts and one more move forward is expected at a decent tote mutuel, X factor in wide open race.

### Race #9

1-3-2 #1 Son of Eleanor 5-2 ML dropped to this level last time and ran even, 20-70 lifetime and a 5-time winner here, could prove too tough for these in the nightcap.
