

ARIZONA DOWNS

Race #1

1-5-7 #1 Pretty Farm Girl 10-1 ML invades from southern Oregon and could be ready for a top effort based on the debut run two back in a futurity trial, The X factor.

Race #2

3-7-8 #3 Call Me Cute 3-1 ML has some decent works leading up to first start and gets rider that can make the most of efforts, watch TOTE.

Race #3

6-5-1 #6 Tapit at Midnight is even money on the ML and should be. Anything near the last two efforts make this one a single in multi-race exotic wagers.

Race #4

5-7-6 #5 I'm All The Jedi could be off form and that may be the case but the drop in class points him out as the one to beat if his confidence is not shaken by last two starts, now or never.

Race #5

5-2-4 #5 Brickbat 10-1 ML was the selection last week when running a nice second behind a slow pace, one more chance to get it done at a good price because at this level you have so many chances to stay in form.

Race #6

2-4-6 #2 Outside The Law 9-5 ML defeated a next out easy winner and this should be a nice place to get the third lifetime in at was is a reasonably short price but warranted.

Race #7

3-6-5 #3 Autumn Isabella 12-1 ML is racing into shape and does not need much more of a step forward to make an impact here at a big number because this field came up suspect in many areas.

Race #8

1-3-4 #1 Lucky Rocket 9-2 ML has speed, an inside draw and could with a clean start lead this field early which will lead to success late as there is not much in here that wants to pass anyone in the stretch.

Race #9

1-6-3 #1 Mo Gee is 15-1 ML and could be a nice price winner in the get out race. Like the improvement 2nd time over the track and there could be one more move forward coming in this finale with capable apprentice in the irons.
