

Race #1

7-6-3 #7 Wild Monkey 12-1 ML is a maiden facing winners but has some numbers that match up well, and note the trouble in last two, need only "Make the turn" to factor from this outside post.

Race #2

2-3-5 #2 Double Down Brown 7-2 ML just kind of ran around the track in debut, but there was some run there and now with that educational start under his belt, should be ready for much better here.

Race #3

6-5-4 #6 Wright Winged 2-1 ML looks set for a top effort on the drop in class. Notice the effort two back and could be long gone with a clean start.

Race #4

2-3-6 #2 Golden Goddess 15-1 ML badly needed last and could rebound with a much bigger try here, could be overlooked in the betting as well, early speed to use as well.

Race #5

3-6-5 #3 Tiz Way Cool 5-1 ML was bet off the board in last and showed nothing off the van from NM. Now here is a chance with some acclimation to the surroundings to get a better price and effort.

Race #6

3-4-2 #3 Happy Happy Happy 7-2 ML Fought tooth and nail last time when routing and now the cutback ensures a closing kick from off the pace. Hopefully not too much was taken out of her in last try that required high energy.

Race #7

6-7-5 #6 Nevadan 3-1 ML should have won last time with a perfect trip but was worn down by a class dropper that was well meant. Anything near that number wins this.

Race #8

5-6-3 #5 Yha Yha 9-2 ML has become one of my favorite runners here and put it all together last time out. Onward and upward from this gelding that has shown an affinity for this surface.

Race #9

4-8-2 #4 Georgian Road 4-1 ML was facing much better last time and not disgraced. Do not agree with the ride there from the rail and should have a more patient approach with this better draw and drop in class.
