---

### Race #1

5-1-4 #5 Four Chick Five 5-1 ML has faced much better than this in career and need only be ready of lengthy layoff to factor in the Tuesday opener.

### Race #2

10-7-9 #10 Aseparateindividual 20-1 ML has a chance at a big priced upset after an even run in debut and troubled trip last time out. Drawn well and may finally get some clear sailing to show true talent.

### Race #3

3-4-6 #3 Solerocker 6-5 ML kept trying all the way to the wire in last when looking beaten for an on the board finish, that fight should prove well here with not much early pace signed on.

### Race #4

5-1-2 #5 Botero 9-2 ML set a track record in last and we will come right back here off that big win and use as a single in the exotics on top because there again is plenty of pace to chase.

### Race #5

5-4-3 #5 Steinway 3-1 ML is an X factor in here because of the company kept last year in California. Only need to show some interest off the freshening in order to perhaps be much better than these.

### Race #6

2-5-1 #2 Sunland Star 3-1 ML showed a new dimension last time when able to rally from off the pace and finish willingly. Already has a win at the meet and can set the pace or sit off, versatility is key.

### Race #7

4-3-1 #4 Gold Treasure 15-1 ML has a barn change to high % connections and comes in fresh as well. Numbers match up nicely and any improvement could mean upset time at the windows.

### Race #8

1-2-6 #1 Loose Diamond 6-1 ML Put it all together last time and now is raised to face stakes competition off the claim. Rider chooses this one and could be ready for a big step forward, on the improve here.

### Race #9

7-4-1 #7 Over EZ 8-1 ML drops back to winning level three starts ago and has more speed than shown. Needs to rebound and that may be the case with the lead there for the taking early on.
